

DELTA PRO BED SYSTEM

PRO PT PROGRAM

drive

DeVilbiss
HEALTHCARE

Why

Patient & Caregiver Needs

The Medicare standard semi-electric bed does not meet every patient's unique needs

Motor operated height adjustments increases patient confidence and allows for safe transfers

Low height option to mitigate fall injuries

Full-electric options to reduce caregiver risks of injury

How

Innovative Solutions

The Delta Pro Bed System enables more efficient use of ABN bed upgrades

6 bed configurations that use 1 universal frame improving warehouse efficiency

Bed upgrades now effectively done before, after and even **DURING** the delivery itself

New design enables providers to maximize ABN upgrades, providing more options to patients and improving your brand

What

Improved Outcomes

Differentiate yourself from the competition

Increase your branding with better patient outcomes

Improve bed margins with ABN upgrades

More customized solutions create lifelong patient loyalty
